

POWER OUTAGE SAFETY TIPS

DO's:

- Keep a full tank of gas.
- Have your emergency kits fully stocked.
- Have a family communication plan in place.
- Park your car outside (not in the garage).
- Take a quick inventory of the perishable food you have in your fridge and freezer.
- Keep one light switched on in your house.
- Turn off and unplug all electronics.
- Travel with extreme caution and expect delays.

DON'Ts:

- Avoid using candles. Use flashlights or solar-powered lights instead.
- Do not open and close your fridge doors often.
- Do not assume downed power lines are safe. Steer clear!
- Do not walk into flooded areas.
